History of PRICE'S FINE CHOCOLATES® & SWEET SHOP USA®

The legacy of Price's Fine Chocolates® was the dream of Charles H. Price, the founder, who in 1913 started the company in Kansas City. Over the next several decades Price's Fine Chocolates® built a tremendous reputation for crafting quality chocolates throughout the United States. Charles Price succeeded due to his commitment to quality, and his perseverance to obtaining the finest natural ingredients. Charles Price understood then, what we know now, the finest quality products ensures the customer satisfaction.

Sweet Shop USA® acquired Price's Fine Chocolates® in August of 2000. Today, Mr. Price's standards are replicated at Sweet Shop USA®. We share Price's commitment to quality. In fact, we continue to use some of the recipes that the founder created in 1913. Small batches are still utilized and many items are produced by hand. Price's Fine Chocolates® are distributed throughout the country, and Annaclairs® and Pecan Brags® are nationally recognized products. The distribution network is comprised of many small and mid-sized gift and gourmet stores.

Price's Fine Chocolates® will participate in over 20 regional and national shows this year alone. Our highly trained staff of over 125 employees is dedicated to the Price legacy of producing quality chocolate and confectionary products. We are focused on providing wonderful chocolates, while providing them at a reasonable price. We invite you to join us in celebrating 100 Years of Price's Fine Chocolates®.

ANNACLAIRS®

Sweet vanilla cream centers, rolled in pecans, and dipped in milk or dark chocolate; continue to be family tradition year in and year out. The most recognized piece in the line is the Annaclair. The Annaclair has a rich creamy vanilla center, coated in milk or dark chocolate and chopped pecans. This wonderful confection was named for Mr. Price's two favorite dippers, Anna and Clair. This particular piece has clearly stood the test of time, and is a favorite by chocolate lovers all across the country.
